If you resonate with the following questions:

- Do buildings really 'shape our lives' to deserve a deeper thought?
- If they do, then 'How'? By what means and methods?
- Do spaces communicate with our physical, mental and energy body?
- Can we design built spaces and architecture to achieve 'Well Being'?

***If you seek to achieve 'The 3 H's of Well being' :
Health, Happiness and Harmony
....this book is surely for you.***

For architects to healers; housewives to interior designers; real estate developers to doctors; meditators to sports enthusiasts....

BIOENERGETIC ARCHITECTURE offers a new insight into the impact of spaces on 'Well Being' and how we can design to 'live our best version'
